- Areas of Talents/Expertise: \_\_\_\_\_
- Interests/Hobbies: \_\_\_\_\_

Indicate your interest in serving with a group of other Alliance members in the following areas. Some meetings are via Zoom.

- Membership Development
- Program Development
- Resource Development

You are the foundation of physician families. As physicians and physician spouses, you have made many sacrifices and helped build a healthy association through various community activities and philanthropy. The NCMS Alliance values and supports its own members in addition to our external mission, especially in times like this. We wish to continue to strengthen bonds between our Alliance and physician families.

Our mission to advance the health of North Carolinians through advocacy and action is invaluable, as displayed through our various efforts to

- Support North Carolina Association of Free and Charitable Clinics,
- encourage health projects and offer grants across North Carolina, and
- act as a general support base for physician families.

The medical community consists of many wonderful, motivated people with accomplishments on personal, professional, and communal levels. We need your positive outlook and participation in the Alliance! Join at the level of your choice. Help keep the Alliance successful with your donation of membership dues, donating to the Health Education Opportunity Fund and by lending some of your talents.

### President's Message | May 22, 2022

The NCMSA Board thanks you for keeping our organization active not only by your valuable contribution but your continued support for our community. An organization that's relevant and valued by their members shares three common characters: tough-minded optimism, staying power and belief in a mission above all.

Our Alliance goals of yesterday remain valid today which are to support physicians and encourage fellowship among our members as well as to support each other in times of joy and adversity and reach out to potential members by offering programs and volunteer opportunities to all members.

Through our support of the N.C. Association of Free and Charitable Clinics and encouraging our members to participate in the local NCAFCC projects, we will continue our efforts to improve access to health care especially in rural areas of North Carolina.

This year exciting and informative programs will be offered to members via Zoom. Watch your emails and our website for more information. Keep up with other members through Facebook. Click here: [Facebook](#) to join our private Facebook group so we can communicate easily.

I look forward to connecting with you. Please renew or join with your new membership.

With Regards,

Meeti Nigam, President 2022-2023
